

27 November 2025

Dear Parent,

As part of our Design and Technology curriculum, the children have been working hard designing their own "European Sandwiches." They have researched various breads and fillings and have now finalized their designs.

To bring these designs to life, we are asking the children to bring in their chosen ingredients. The children have written their specific list of required ingredients in their **Reading Diaries**.

**Schedule for sandwich making (week commencing 8th December):**

- **Puma Class:** Monday 8th December
- **Tiger Class:** Wednesday 10th December
- **Leopard Class:** Friday 12th December

**Important Guidelines:**

1. **NUT-FREE SCHOOL:** We are a strictly nut-free school. Please ensure that **no products containing nuts or traces of nuts** are brought into school.
2. **Portion Control:** Please only send in the **exact amount** your child needs for their single sandwich (e.g., two slices of bread rather than a whole loaf, a small block of cheese rather than a whole one). This helps us minimise food waste and makes managing the workspace easier for the children.
3. **Storage:** Ingredients should be brought in a named bag/container on the morning of their specific lesson.

If you have any questions or concerns about the ingredients or the lesson, please speak to the class teacher at the door or write a note in your child's reading diary.

Thank you for your continued support in making our curriculum exciting for the children.

Best regards,

The Year 4 Team
