

Grange Park Primary School Year 5 Autumn 1 Spanish

Spanish: Los planetas Planets

Grammar

Adjectival agreement. Further work explaining and consolidating how adjectives can (and often do) change spelling in Spanish depending on if the noun they are describing is masculine or feminine.

Culture

Spanish astronauts

Pedro Duque flew as Mission Specialist on the Space Shuttle Discovery for STS-95 mission from 29 October to 7 November 1998. The nine-day mission was dedicated to research in weightlessness and the study of the Sun. Pedro was responsible for the five ESA scientific facilities and for the computer system on the Space Shuttle.
