Dear Parents

Come Learn With Me Arrangements: Autumn 2026

We are so excited to invite you into your child's classroom for our **Autumn *Come Learn With Me*** event. We hope you have already diarised the dates shared in last half term's News Roundup. This event is an opportunity to enjoy learning with your child and to experience the curriculum in action!

Navigating friendships, managing disagreements, and knowing how to respond when relationships become difficult are things we continuously explore with our children as part of everyday school life. For this Come Learn With Me session, we want to bring parents into that ongoing journey—focusing on these key areas together so we can develop a shared understanding of the difference between everyday friendship difficulties and bullying, and how best to support children in these situations.

What you will be doing together during the session:

During the event, you and your child will take part in hands-on, age-appropriate activities designed to explore these everyday themes. Depending on your child's year group, you will participate in activities where you will:

- **Explore how friendships work:** Join in discussions and activities showing that while friendships can be wonderful, they can also be complicated. Together, you will explore how disagreements, changing friendships, and falling out are a normal part of learning how to build relationships.
- **Distinguish between everyday fallout and bullying:** Work through tasks that help children understand that not every disagreement or unkind interaction is bullying—though every child's feelings matter and unkind behaviour should always be addressed.
- **Unpack what bullying actually means:** Look at scenarios together to understand that bullying involves deliberately hurtful, targeted behaviour repeated over time where there is an imbalance of power, making it difficult for the person to defend themselves and causing pain and distress. You will also explore why even a single serious incident needs to be taken seriously, even if it does not fit the formal definition of bullying.
- **Practice practical conflict-resolution tools:** Work alongside your child as they practice key skills to manage conflict, communicate their feelings, listen to others, find solutions, and repair relationships where possible.
- **Explore the adult's role:** See firsthand how adults play an important role in helping children navigate difficulties calmly, without immediately making assumptions about what has happened.
- **Identify trusted adults:** Complete activities with your child to reinforce that they should always feel able to tell a trusted adult—both at home and at school—if they are worried, feel unsafe, or are experiencing repeated unkind behaviour.
